# LogiQuip® Celebrates 30 Year Anniversary

Galesburg, MI (June 2, 2021) – LogiQuip Healthcare Storage Solutions is celebrating 30 years of ensuring healthcare professionals have the supplies they need when they need them.

Locally owned and operated since 1992, LogiQuip began with founders Dave Kaynor and Dick Flynn receiving a $500 order on their thermal fax machine. Back then, they were working out of a small room on a tabletop made from an oak door and two sawhorses.

"We've come a long way from that small room, but our commitment to our customers has remained the same" says LogiQuip CEO AJ Willit. "With our recent remodel we now occupy 85,000 square feet of warehouse and office space. However, the success of LogiQuip is because of our team. With nearly 50 internal employees and 80+ sales reps across the country, we continue to service our customers through the most challenging climate in recent history. I'm incredibly proud of Team LogiQuip, and we are just getting started."

## About LogiQuip

Healthcare exclusive since 1992, LogiQuip's Inventory Management Solutions are designed for Healthcare Professionals looking for a better way to manage supply chain tasks. With a focus on infection control, lean processes, and ROI justification, LogiQuip Representatives partner with you to design and implement the right solutions. And if we don't have what you need, we will work with you to create custom solutions. We give Healthcare Professionals time back to focus on what's important, Patient Care.
