Fine Mesh
BASKET SHELVING

Healthcare exclusive since 1992, LogiQuip's **Inventory Management Solutions** are designed for Healthcare Professionals looking for a better way to manage supply chain tasks. With **Expert Advice**, **Innovative Solutions**, and **360° Service** that doesn't stop after the sale, LogiQuip's sole purpose is to ensure Healthcare Professionals have the supplies they need when they need them. Partnering with you to design and implement the right solutions, we give you time back to focus on what's important, Patient Care.

EXPERT ADVICE

With an in-depth understanding of the industry and a focus on **Infection Control** and **Lean Processes**, we partner with you to ensure we design the right solutions for you.

INNOVATIVE SOLUTIONS

Designed with an eye on the horizon, LogiQuip has **Innovative Solutions** that evolve with your facility. Our flexible and efficient options help to ensure you have the supplies you need when you need them.

360° SERVICE

LogiQuip's experienced **Sales Representatives** and **Award-Winning Customer Support Team** provide unparalleled service before, during, and after the sale.

WITH LABOR SHORTAGES AND THE EVER-INCREASING DEMAND TO DO MORE WITH LESS,

the **LogiQuip Services Team** can help to decrease that burden with turnkey solutions to help ensure you have the supplies you need when you need them.

PROJECT MANAGEMENT

From our initial meeting with you through implementation, a LogiQuip **Services Team Member** will be assigned as your **Project Manager**, working with you every step of the way. Your **Project Manager** will serve as your single point of contact during the project life cycle. Together we will develop and implement project milestones until the work is complete. Contact your **Sales Representative** or call **(800) 665-3760** for more information.

ON-SITE ANALYSIS

Working with your LogiQuip **Representative**, an on-site analysis will be done to ensure that the **Project Manager** has a complete understanding of your current environment. During our on-site analysis we will review your current state, identify gaps, and align on the goals of the project.

PLANNING

Using a mix of innovative products, Lean principles, tried and true methods, and out of the box thinking, LogiQuip will provide a holistic plan with turnkey solutions to minimize downtime while decreasing your storage footprint and increasing PAR levels.

INSTALLATION & CONVERSION

LogiQuip is dedicated to providing on-time delivery, efficient installation, and supply conversion to minimize down time and time on site to get you up and running as quickly as possible.

ONGOING SUPPORT

With the project complete, we want to help you sustain the changes that have been made. With **Annual Inventory Reviews**, **Preventative Maintenance Plans**, and **Field Service** for in warranty and out of warranty repairs, we have you covered to keep things running smoothly.

TABLE OF CONTENTS

LOGIQUIP® FINE MESH BASKET SHELVING FEATURES & BENEFITS

LogiQuip® **ParWire®**, **ParWall®**, **Lean Wall**, and **Louvered Panel Systems** with **Fine Mesh Basket Shelf** design help to increase storage capacity. Ideal for storage of even your smallest items, these strong and durable **Basket Shelves** come in a variety of sizes and can be **Frame**, **Post**, or **Louvered Panel** mounted for easy customization. Pair our **Fine Mesh Basket Shelving** with our patented **Kanban Dividers** and **Intelli-Flip™ System** to create a Lean, system-driven process that helps reduce supply chain costs and eliminate stockouts.

STORE UP TO 40% MORE

Our **ParWire** and **ParWall Fine Mesh Basket Shelves**, **Dividers**, and **patented Kanban Dividers** help to increase storage capacity by up to 40%* by eliminating the need for the traditional plastic **Two-Bin System**. This system efficiently uses every inch of available space and allows for storage of even your smallest items.

LQS FLAT SHELF LOADED WITH TRADITIONAL 2-BIN SYSTEM

PARWIRE FINE MESH BASKET WITH DIVIDERS & KANBAN DIVIDERS

*Up to 40% space savings when comparing the 2436CH **LQS Flat Wire Shelf** with **Two-Bin System** to PRRG2436 **ParWire Basket Shelf** with **Fine Mesh Dividers** (see images below).

FINE MESH BASKET DESIGN

With the traditional **Two-Bin System**, dust and debris are trapped in the **Bins**, and require regular cleaning to maintain. Our **Fine Mesh Basket** design allows for dust and debris to fall through the shelf eliminating this step for a virtually maintenance-free solution.

PATENTED INTELLI-FLIP SYSTEM

Upgrade to LogiQuip's patented **Intelli-Flip System** which provides intelligent, up-to-date inventory management designed to increase productivity while reducing labor costs.

DOUBLE CHROME PLATING

Each carbon steel **Shelf** and **Post** is **Double Chrome Plated** providing added strength. In addition to the smooth, bright finish that minimizes damage to stored items, **Double Chrome Plating** also helps to eliminate discoloration and peeling.

LIMITED 5-YEAR WARRANTY

LogiQuip products are covered by a **Limited 5-Year Warranty** from date of receipt against defect in materials or workmanship under normal use and service, excluding **Electronic Components**, **Cart Covers**, **Custom Products**, **LogiCell Tambour Doors Label Holders**, and **Casters**. During this period, LogiQuip will, in its sole discretion, repair defects in materials or workmanship that existed when the product was received or replace the product. Visit **LogiQuip.com/Warranty** for more details.

WHATS THE DIFFERENCE?

While both **ParWire®** and **ParWall®** **Baskets Shelves** allow for increased storage capacity, the real difference comes with how these **Fine Mesh Basket Shelves** are mounted. From **Freestanding** to **Wall Mounted** executions, we have the right solution. See the chart below to compare all **Fine Mesh Basket Shelving Lines**.
ParWire Systems are on 1" posts and can be paired with our **LQS Flat Wire**, **Waterfall Edge**, and **Basket Shelving**.

ParWall Freestanding Systems are available as **Single-Sided** or **Double-Sided**.
Louvered Panel Systems, our most traditional shelving line, also accept blue **Bins**.

Lean Wall Systems are ideal for working around obstructions on a wall such as light switches, vents, and more.

PARWALL FREESTANDING SINGLE-SIDED SYSTEM

LogiQuip's **ParWall Freestanding Single-Sided System** is designed with a heavy-duty steel frame that allows maximum storage capacity. Slots run down the frame post in 1" increments giving users the ability to arrange 12" or 18" deep **Baskets Shelves** where needed. Using **Slant Brackets** (page 14) allows the placement of a **Basket Shelf** at an angle on top for increased visibility and easy access. We offer a selection of pre-configured **Kits** or you can custom build your own.

PARWALL COMPONENTS & ACCESSORIES

See pages 20-23 for **ParWall Accessories**.

PARWALL ON LOUVERED PANELS

ParWall on Louvered Panels is a traditional way of mounting baskets to the wall. This approach keeps products off the floor, allowing utilization of various **Accessories**. Using **ParWall Fine Mesh Baskets Shelves** on **Louvered Panels** increases storage capacity over plastic **Bins** by increasing the depth, removing wasted space between **Bins**, and maximizing the lane capacity.

- **Louvered Panels** are cream and can accommodate six (6) **Baskets** (shown below) vertically
- **Pressure-Fit Dividers** allow for proper PAR levels for each SKU
- **Pegs** and **Spikes** are available **Accessories** (page 16) to hang durable medical equipment
- Accepts **Storage Bins** and **Tilt Bins**
- Must be mounted with ¾" backing or on blocking in the wall

PARWALL ON LOUVERED PANEL KITS

Louvered Panels Kits with **ParWall Fine Mesh Baskets** on traditional **Louvered Panels** increases storage capacity and keeps products off the floor, allowing utilization of various accessories. All **Kits** include **Hardware** and **Mounting Brackets**. See the chart below for more **Kit** details.

LEAN WALL SYSTEM

LogiQuip's **Lean Wall System** must be mounted with a ¾" backing on a wall or blocking in a wall. This system is more flexible than **Louvered Panels** since it allows you to plan around obstructions on the wall such as fire extinguishers outlets, vents, and more. You can easily add sections to a starter frame for longer wall storage. The **Lean Wall System** can be 12" or 18" deep, comfortably accommodate up to seven (7) **Fine Mesh Baskets** (shown below) vertically (18", 36" and 48" wide). It can accept **Slanted Baskets** for easier access. 19 " high **Louvered Panels** are available for **Storage Bins**, **Tilt Bins**, **Pegs**, and **Spikes** (page 16). Maximum weight load is 50 pounds per **Basket**.

PARWIRE® & PARWALL® ACCESSORIES - KANBAN DIVIDERS

The LogiQuip® patented **Kanban Divider System** creates a **Kanban Trigger** when the caregiver accesses the safety stock by lowering the **Kanban Divider**, creating a visual cue to order more supplies. Available in 7" or 8.5" depths, our **Kanban Dividers** can be used with any of LogiQuip's **Fine Mesh Basket** products.

KANBAN DIVIDERS

- The label face is 1.5" high
- Use the 7" deep **Dividers** for 12" and 18" deep **Fine Mesh Basket Shelving**
- Use the 8.5" deep **Dividers** for 24" deep **Fine Mesh Basket Shelving**
- Available as **Singles** or in **Packs of 10**

LogiQuip's patented **Intelli-Flip System** is a simple, intuitive tool that automates inventory management, saving just over 10 hours per day* in supply management tasks and helps to ensure you have the supplies you need when you need them. **No scanning. No weight calibration. No wires to work around.**

SIMPLE & RESPONSIVE

An **Intelli-Flip Monitor** is attached to each **Kanban Divider**. When the caregiver accesses the safety stock by lowering the **Kanban Divider, a signal is sent to the Controller** that inventory needs to be replenished. **No scanning required.**

ERP INTEGRATION

Easily create orders with **ERP Integration**. **Intelli-Flip** can be integrated into your **ERP System** to automate ordering, reducing stock-outs and expired products.

INTELLI-FLIP DASHBOARD

Track inventory, velocity trends, days on hand, stock levels, system status updates on Monitor function, and battery life through a secure **Dashboard** on Intelli-Flip.net. **No need to go to the PAR location.**

IMPLEMENTATION

Assignment of stocked items to the **Intelli-Flip System** are handled individually though the portal or via bulk file upload for larger adjustments. **No need for weight calibration.**

ACCESS CONTROL

Users will have access to system data and adjustments based on assigned level of responsibility. Training by user level will be done upon install.

Access Inventory

Lower Kanban Divider to Signal to the Controller that Inventory Needs to be Replenished

Access Safety Stock
