

Intelli-Flip™ SYSTEM®

SMART INVENTORY MANAGEMENT

Every Day, Healthcare Professionals are asked to **DO MORE WITH LESS**. With Intelli-Flip, you can do just that. LogiQuip's patented **Intelli-Flip System** is a simple, intuitive tool that automates inventory management, **saving up to 50 minutes per PAR location per day***. This helps to ensure you have the supplies you need when you need them. **NO SCANNING. NO WEIGHT CALIBRATION. NO WIRES TO WORK AROUND.**

+

SIMPLE & RESPONSIVE

An Intelli-Flip Monitor is attached to each Flipper. When the caregiver accesses the supplies in the second bin, by lowering the Flipper, a signal is sent to the Portal that inventory needs to be replenished. **NO SCANNING REQUIRED.**

+

INTELLI-FLIP PORTAL

Track inventory, velocity trends, days on hand, stock levels, and system status updates on Monitor function through a secure Portal on [Intelli-Flip.net](https://intelli-flip.net). **NO NEED TO GO TO THE PAR LOCATION.**

+

ERP INTEGRATION

Easily create orders with **ERP Integration**. Intelli-Flip can be integrated into your **ERP System** to automate ordering, reducing stock-outs and expired products.

+

ACCESS CONTROL

Users will have access to system data and adjustments based on assigned level of responsibility. Training by user level will be done upon install.

+

INTELLI-FLIP CONNECT

Intelli-Flip Connect is an exclusive feature that allows the system to move to a cellular connection if the Wi-Fi signal is lost. This helps to ensure you never lose information.

+

IMPLEMENTATION

LogiQuip has teams of experienced professionals that will install and set up the system and train your staff for you.

INTELLI-FLIP CONTROLLER
MODEL #IFC2-CELL

INTELLI-FLIP MONITOR
MODEL# IFM2-STD

*Assumes 272 SKUs per PAR location with an average time savings of 11 seconds per SKU based on a case study done with Intelli-Flip.

HOW DOES **Intelli-Flip™** STACK UP?

There are several options available to help automate inventory management, but **Intelli-Flip's** unique system requires no scanning, no buttons, and no weight calibration. In addition, the **Intelli-Flip Portal** found at Intelli-Flip.net allows you to manage inventory from a singular location. No special software to download. No need to go to the PAR location.

FEATURE COMPARISON CHART BY COMPANY						
Feature/COMPANY	INTELLI-FLIP	BLUEBIN	PAR EXCELLENCE	PYXIS	OMNICELL	QSIGHT
