INVENTORY
MANAGEMENT

WHY LOGIQUIP®?

Healthcare exclusive since 1992, LogiQuip's **Inventory Management Solutions** are designed for Healthcare Professionals looking for a better way to manage supply chain tasks. With **Expert Advice**, **Innovative Solutions**, and **360° Service** that doesn't stop after the sale, LogiQuip's sole purpose is to ensure Healthcare Professionals have the supplies they need when they need them. Partnering with you to design and implement the right solutions, we give you time back to focus on what's important, Patient Care.

EXPERT ADVICE

With an in-depth understanding of the industry and a focus on **Infection Control** and **Lean Processes**, we partner with you to ensure we design the right solutions for you.

INNOVATIVE SOLUTIONS

Designed with an eye on the horizon, LogiQuip has **Innovative Solutions** that evolve with your facility. Our flexible and efficient options help to ensure you have the supplies you need when you need them.

360° SERVICE

LogiQuip's experienced **Sales Representatives** and **Award-Winning Customer Support Team** provide unparalleled service before, during, and after the sale.

LogiQuip is committed to fulfilling customer orders as quickly as possible which is why we have hundreds of products in stock, ready to ship every day. Please contact LogiQuip's Customer Experience Team or your Sales Representative to learn more.

WITH LABOR SHORTAGES AND THE EVER-INCREASING DEMAND TO DO MORE WITH LESS, the **LogiQuip Services Team** can help to decrease that burden with turnkey solutions to help ensure you have the supplies you need when you need them.

PROJECT MANAGEMENT

From our initial meeting with you through implementation, a LogiQuip **Services Team Member** will be assigned as your **Project Manager**, working with you every step of the way. Your **Project Manager** will serve as your single point of contact during the project life cycle. Together we will develop and implement project milestones until the work is complete. Contact your **Sales Representative** or call **(800) 665-3760** for more information.

ON-SITE ANALYSIS

Working with your LogiQuip **Representative**, an on-site analysis will be done to ensure that the **Project Manager** has a complete understanding of your current environment. During our on-site analysis we will review your current state, identify gaps, and align on the goals of the project.

PLANNING

Using a mix of innovative products, Lean principles, tried and true methods, and out of the box thinking, LogiQuip will provide a holistic plan with turnkey solutions to minimize downtime while decreasing your storage footprint and increasing PAR levels.

INSTALLATION & CONVERSION

LogiQuip is dedicated to providing on-time delivery, efficient installation, and supply conversion to minimize down time and time on site to get you up and running as quickly as possible.

ONGOING SUPPORT

With the project complete, we want to help you sustain the changes that have been made. With **Annual Inventory Reviews**, **Preventative Maintenance Plans**, and **Field Service** for in warranty and out of warranty repairs, we have you covered to keep things running smoothly.

INTELLI-FLIP® SYSTEM

“ ...the LogiQuip (Intelli-Flip) system is extremely simple and we feel will be a big benefit to our team as well as Nursing... feedback and benefits of this system were very positive from Nursing and Supply Chain staff... my director is looking to push the system out to all sites in the near future.”

Ben McGlashen, Regional Manager Supply Chain Site Operation

Intelli-Flip™ is Simple & Responsive

— REDUCES SUPPLY CHAIN COSTS AND STOCKOUTS —

NO

SCANNING
WEIGHT CALIBRATION
WIRES

SAVE 50 MINUTES PER PAR LOCATION PER DAY* ON SUPPLY MANAGEMENT

ERP INTEGRATION

NO NEED TO GO TO THE
PAR LOCATION

*Assumes 272 SKUs per PAR location with an average time savings of 11 seconds per SKU based on a case study done with Intelli-Flip.

SIMPLE & RESPONSIVE

An Intelli-Flip Monitor is attached to each Kanban Flipper. When the caregiver has used all of the supplies in the first bin, they simply lower the Kanban Flipper to access supplies in the second bin, and a signal is sent to the Portal that inventory needs to be replenished. No scanning required.

INTELLI-FLIP PORTAL

Track inventory, velocity trends, days on hand, stock levels, and system status updates on Monitor function through a secure Portal on [Intelli-Flip.net](https://intelli-flip.net). No need to go to the PAR location.

ERP INTEGRATION

Easily create orders with ERP Integration. Intelli-Flip can be integrated into your ERP System to automate ordering, reducing stock-outs and expired products.

INTELLI-FLIP® CONNECT

Intelli-Flip Connect is an exclusive feature that allows the system to move to a cellular connection if the Wi-Fi signal is lost. This helps to ensure you never lose information.

IMPLEMENTATION

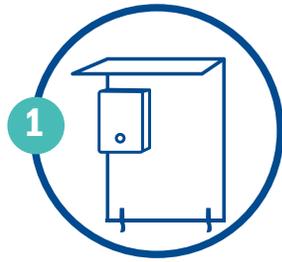

LogiQuip has teams of experienced professionals that will install and set-up the Intelli-Flip System, allowing you to experience the benefits of the system quickly!

INVENTORY AUTOMATION PROCESS FOR SUPPLY MANAGEMENT

Experience the ease and efficiency of **INTELLI-FLIP®** – transforming supply management to enhance patient care! **Intelli-Flip** simplifies the management of your supplies by leveraging our unique **Two-Bin System** featuring LogiQuip's patented **Kanban Flippers** and **Intelli-Flip Monitors**. When the front **Bin** is empty, simply pull down the **Kanban Flipper** with the **Intelli-Flip Monitor** to seamlessly access the supplies in the back **Bin**. That's all there is to it! A replenishment order is automatically sent to supply chain to refill your stock.

FULLY STOCKED SHELVES GETTING SUPPLIES

When shelves are fully stocked, all of the **Kanban Flippers** are in the **UP** position. Easily obtain the supplies from the front **Bin** when you need them.

FLIPPER IN
UP POSITION

PULL DOWN THE FLIPPER WITH INTELLI-FLIP

Once the supplies in the front **Bin** are gone, simply pull **DOWN** the **Kanban Flipper** with the **Intelli-Flip Monitor**. This simple act will trigger a signal that more supplies are needed in that **Bin**.

FLIPPER IN DOWN
POSITION SENDS SIGNAL

CONTINUE TO GET SUPPLIES

While the need for more supplies is communicated through the **Gateway**, continue to use supplies from the back **Bin**, behind the **Kanban Flipper**, until the front **Bin** is restocked.

BENEFITS: IT TEAM

EFFORTLESS SETUP AND SEAMLESS MAINTENANCE!

INTELLI-FLIP® is easy to set up and operates with minimal ongoing maintenance, allowing your IT Team to focus on strategic initiatives rather than routine tasks.

IT TEAM BENEFITS

- Wireless Connectivity – **Intelli-Flip** is always connected and doesn't time out. In addition, the option of Cellular Connectivity removes the need to have the system on a physical network
- Minimal Tech Requirements
- Outbound Port Access
- **Intelli-Flip** integrates with your ERP system via a SFTP using industry standards security protocols
- Primary ERP Connection Established (for restock report generation and PAR location management)
- Long battery life with a **Battery Swap Program** Available
- No HIPPA Impact (no patient information is used or transmitted)

BENEFITS: SUPPLY CHAIN MANAGEMENT

STREAMLINED PAR LOCATION MANAGEMENT!

Effortlessly manage all PAR locations from a single central hub with **INTELLI-FLIP®**, saving you up to 50 minutes daily for each location. This efficiency translates into significant time savings for your team.

SUPPLY CHAIN MANAGEMENT BENEFITS

- Space Efficiency – The **Intelli-Flip System** increases storage capacity by up to 40% by creating a **Two-Bin System** leveraging our high-density **Wire Shelving** with **Lane Dividers** and **Kanban Flippers**, eliminating the need for traditional plastic bins
- Easy-To-Find Supplies
- Low Maintenance
- Manage Bulky/Challenging Supplies
- **INTELLI-FLIP® Connect** will automatically move to a cellular connection if the Wi-Fi signal is lost, ensuring vital information is never lost
- Alert for Run-On Supplies
- **Intelli-Flip** decreases travel, order, and replenishment time that **saves your team up to 50 minutes per day per PAR location**

EMPOWERING PATIENT-CENTRIC CARE!

INTELLI-FLIP® helps to eliminate stockouts, ensuring essential supplies are always readily available when needed – giving you more time and enhancing the quality of patient care.

NURSES BENEFITS

- Space Efficiency – The Intelli-Flip System increases storage capacity by up to 40% by creating a Two-Bin System leveraging our high-density Wire Shelving with Lane Dividers and Kanban Flippers, eliminating the need for traditional plastic bins
- Easy-To-Find Supplies
- Intuitive – Simply pulling the Flipper down to get supplies from the back Bin triggers a reorder; no extra steps to take
- Ergonomic
- Reduced Stockouts
- Peace-of-Mind – Knowing that supplies will be there when you need them

INTELLI-FLIP® PORTAL

Using the secure **Intelli-Flip Portal** on Intelli-Flip.net allows you to manage and requisition supplies without scanning or going to PAR Locations. **Intelli-Flip** gives you access that is integrated into your **ERP System** for easy ordering.

MANAGE INVENTORY

Fully automate supply tracking with **Intelli-Flip**. The **Intelli-Flip Portal** tells you which supplies need to be replenished at each PAR Location without scanning or visiting the PAR locations.

ERP INTEGRATION

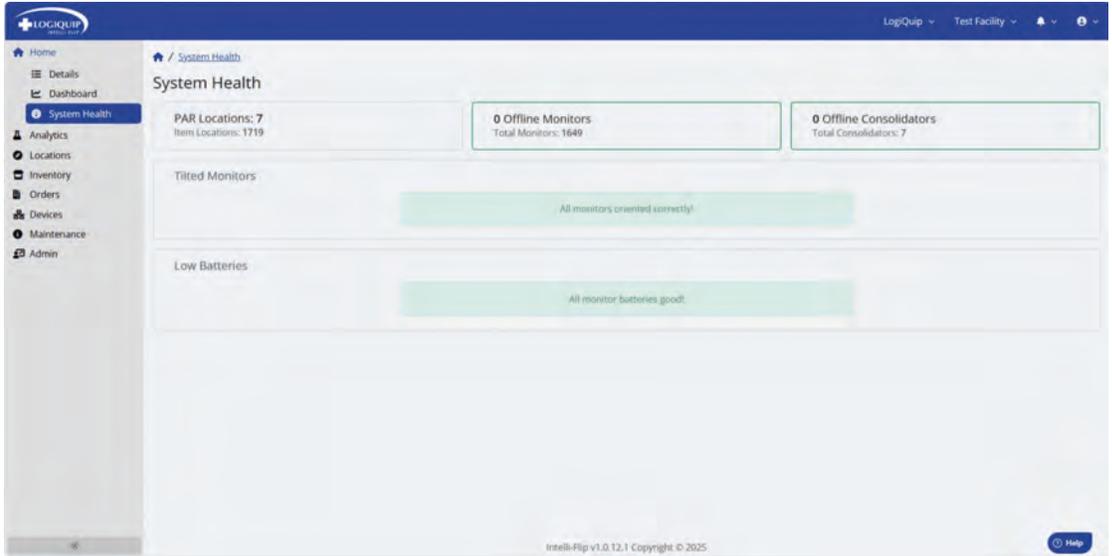

Easily create requisition files to upload into your **ERP System** for order generation.

TRACK PRODUCT ACTIVITY TRENDS

Track **Product Activity Trends** and order accordingly based on the data from your **Portal**.

MONITOR SUPPLIES

Monitor which supplies are used most, how many days on hand of supplies, when stock levels dip, and when supplies exceed expected velocity so that you can react accordingly.

HOW MUCH TIME DOES INTELLI-FLIP® SAVE?

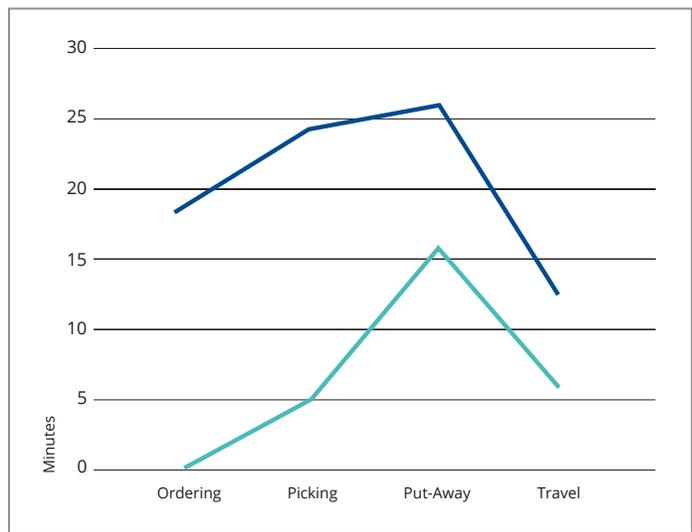

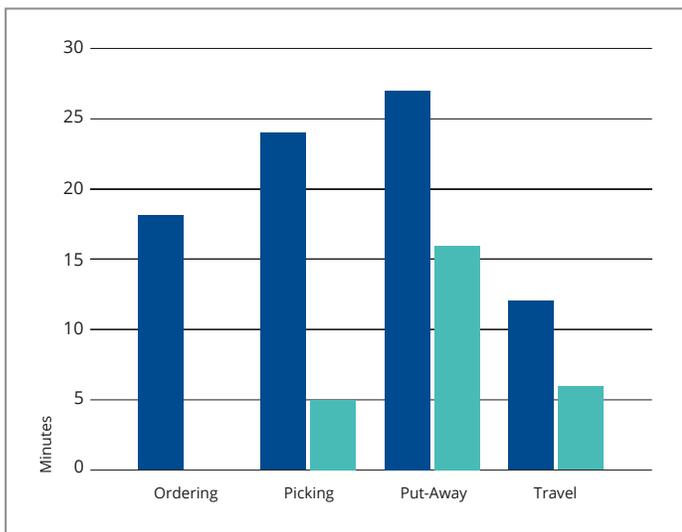

In the below example, we took a single PAR location with 272 SKUS and compared the time spent on daily activities to keep that location stocked **BEFORE** Intelli-Flip and **AFTER** Intelli-Flip. Here is what we found.

- Performed Time & Motion Study
- Performed **BEFORE** and **AFTER** Intelli-Flip Implementation
- Single PAR Location
- 272 Supply Items (SKUS)

272 SKUS x 11 SECONDS (.19 MIN)
= 51 MINUTES PER DAY SAVED

PRE & POST INTELLI-FLIP COMPARISON MINUTES

■ = BEFORE ■ = AFTER

INTELLI-FLIP® SYSTEM INSTALLATION

Let us do the heavy lifting! From your first consult and throughout your day-to-day experience with **Intelli-Flip**, LogiQuip's **Services Team** is there. Our experienced staff will work with you to review your existing layout and PAR levels, implement the final solution, and train your staff, making this a turnkey solution that will help ensure you have the supplies you need when you need them.

REVIEW EXISTING LAYOUT AND PAR LEVELS

The LogiQuip **Services Team** is ready to work with you to review your existing space, supply usage, and your future goals to determine the best design for your unique situation.

- Obtain PAR Lists
- Review Floor Plans
- Cart Layouts and Photos
- Work with Staff to Determine Issues to Address

IMPLEMENT NEW DESIGN

Our **Services Team** is dedicated to providing on-time delivery and efficient installation of your **Shelving** units and **Intelli-Flip System** to get you up and running as quickly as possible.

- Build-Out **Shelving Units**
- Install **Intelli-Flip Monitors** and Assign to Products
- Install **Data Consolidator** and Connect to Intelli-Flip.net

TRAIN STAFF

Start realizing the benefits of the **Intelli-Flip System** from day one with full system training with a member of our **Services Team**.

- Train System Administrator
- Train Department Staff
- Train Nursing Staff

INTELLI-FLIP® PRODUCT INTEGRATION

Intelli-Flip integrates with our existing patented **ParWall®**, **LQS Wire Shelving**, **ParWire®**, and **Kanban Flipper** products for easy installation. Once **Intelli-Flip** is installed, inventory levels for all supply locations using **Intelli-Flip** can be viewed and managed from a secure **Portal** at Intelli-Flip.net.

PARWALL

- Maximizes storage space
- Provides high product visibility
- Increases usable space
- Can be freestanding (**Stationary** or **Mobile**) or fixed to a wall (**Lean Wall®** or **Louvered Panel**)
- **Frames** can accommodate eight (8) **Baskets** vertically
- Accepts **Slanted Baskets** for easy access to supplies

LQS WIRE SHELVING

- **Carbon Steel Core** that is **Double Chrome Plated** for strength and durability that lasts
- Wide variety of configurations available to meet any of your organizational needs
- Flexible for easy and efficient storage
- Available with Dolly Base

HIGH DENSITY SHELVING

Fine Mesh Basket Shelving vs. traditional plastic Bins

- **Fine Mesh Basket Shelving** doesn't collect dust
- Allows for product to be easily identified
- **Slide Out** and **Slanted Baskets** are available for ease of use for both supply technicians and clinical staff
- **Lanes** are configurable every ½"
- ⅛" wide **Divider** allows for maximum compaction vs. traditional plastic **Bins** that typically use 1-inch of space between each item

PARWIRE FINE MESH BASKET SHELF WITH DIVIDERS & KANBAN FLIPPERS

LQS FLAT SHELF LOADED WITH TRADITIONAL PLASTIC BINS

*Up to 40% space savings when comparing the 2436CH LQS Flat Wire Shelf with traditional plastic Bins to PRRG2436 Fine Mesh Basket Shelf with Dividers and Kanban Flippers

INTELLI-FLIP® PRODUCT INTEGRATION

PARWIRE

- Helps to increase storage capacity by up to 40%
- Strong and durable **Basket Shelves** come in a variety of sizes
- Compatible with LogiQuip's 1-inch round **Posts** for easy customization
- Available with **Standard, Slanted, or Glide Basket** options
- **ParWire Fine Mesh Glide Basket** extends out 50% for full visibility and easy access to stored items

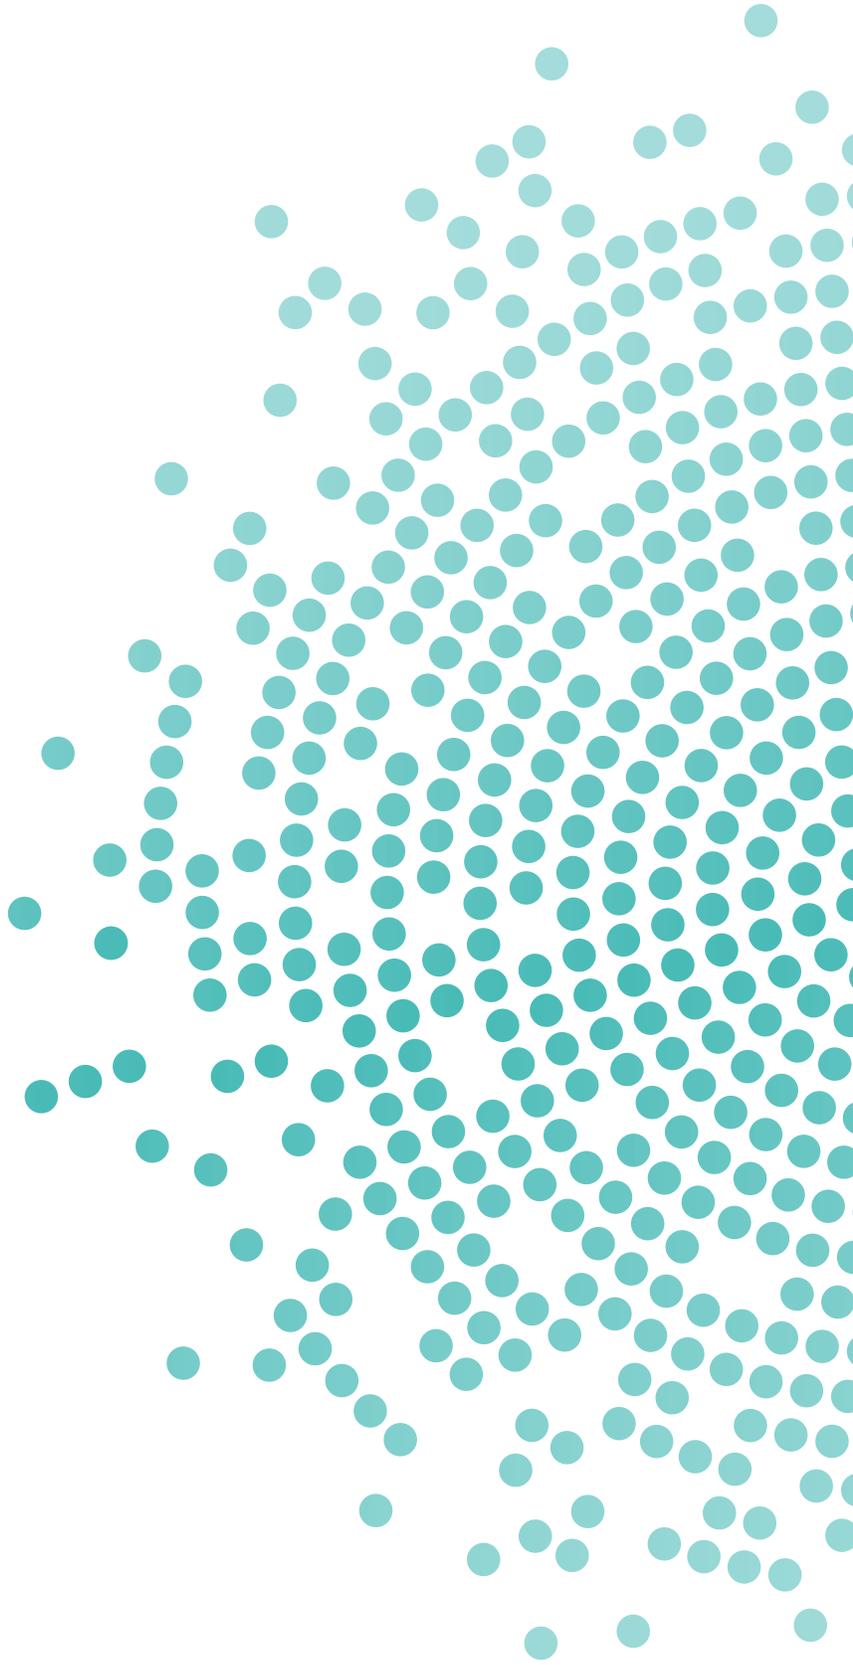

KANBAN FLIPPERS

The **Intelli-Flip Monitor** easily attaches to our **Kanban Flipper**, and is triggered by the natural act of accessing the stock from the second bin.

- Highly compliant through the nursing's natural pick process
- The **Flipper** can support typical 50/50 lane splits
- The **Flipper** can also adapt to 20/80 or 70/30 lane splits
- Side-by-side **Kanban** is optional with "Sliding Door"
