NEW! LOGICELL® WITH LED LIGHTS
ILLUMINATE THE POSSIBILITIES

See **LogiCell** in a new light! Our new **LogiCell Panels** can now be equipped with **LED Lights**, providing users with the flexibility they've come to expect from **LogiCell**, along with enhanced visibility throughout the entire **Cabinet**. Available in a variety of configurations and security options.

6-INCH LED LIGHTS

Each column features seven recessed **LED Lights** strategically positioned along the front edge of the panels—three on the left and four on the right. The **Lights** are staggered to provide maximum coverage and have two settings: **On/Off** and **Door Activated**, ensuring that the **Lights** only illuminate when the door is opened. The 8-foot power cord provides flexible access to nearby outlets.

DOOR OPTIONS

LogiCell Carts and **Cabinets** are available with **Tambour** or **Hinged Glass Doors. Tambour Doors** roll into a cassette helping to keep the door clean. Our **Glass Doors** are constructed with an aluminum frame and tempered glass insert, providing visibility to the supplies inside.

SECURITY OPTIONS

LogiCell Carts and **Cabinets** are available with a **Key Lock or eLock (Electronic Keyless Lock)** for controlled access supplies.

1-YEAR LIMITED WARRANTY

LogiQuip **Electronic Components**, **Sub-Assemblies**, **Cart Covers**, **Custom Products**, **LogiCell Tambour Doors**, **Kanban Accessories**, **Label Holders**, and **Casters** are covered by a **Limited 1-Year Warranty** from date of receipt against defects in material and workmanship. Visit **LogiQuip.com/Warranty** for more details.
